Dear SWARM Road Association Member;

The SWARM board has been elected and as we begin service of our roads, we wish to update our records. As there is a difference between **resident and non-resident status** with regards to both wear and tear of the road itself and the corresponding member dues, please inform us of your current status. Please note that resident status means that either the property owner him/herself *or any renter/lesor* currently resides at or uses the said address on a regular basis. *Also please note that if we do not receive response to this letter, we will assume the said property is resident status.*

Please check: Resident _____ Non-Resident _____

Name: _____

Address: _____
