Dear SWARM Road Association Member;

SWARM is a road association whose sole purpose is to maintain the existing gravel roads we all drive on. Although the day-to-day activities are managed by a group of neighbors you've elected to the SWARM board, the board feels the decisions made regarding the use of road dues should include input from all members. As such, we would appreciate your responses to the questions below to help guide us. On the reverse we have included a member responsibility guideline for your review. Thank you!

Is there an area of the road that you feel has been neglected? If so, where?

Are there areas of the road that could be improved? If so, how?

Do you have other concerns you feel that we should address? Any comments?
